

## USS FLOYD B. PARKS DD-884 ASSOCIATION

**“The Fightin Floyd B”**

**February, 2015**

### MESSAGE FROM THE ASSOCIATION’S PRESIDENT

*Greetings from the frozen North!* I hope many of you are enjoying some time in a warmer climate.

The Officers are moving forward with a couple items worth mentioning. Dennis Allion has put in some long hours using his spreadsheet talents and we now have an updated and combined roster that has active, inactive and deceased members all in one document. Dennis also created a new easily updated dues roster. On that same subject, I have given myself a severe verbal reprimand for letting January 1 slide by without sending in my own dues, and as they say, “the check is in the mail”. Please keep the Association in mind when you go to the mailbox. So far only about half of our active membership is current with dues.

My wife Pamela has identified several highly recommended group activities for the Twin Cities reunion and we have started a preliminary site search for September 2016. See her portion of the Newsletter for details.

As I write this, we have had some minor delays in getting the Buffalo Memory Book to you. Hopefully by the time this Newsletter arrives, you will have received the Book. In any case we apologize for the longer wait time this year.

In addition to notifying the Chaplain, when members and family members are ill, or when someone has passed, please notify me so that I can send get well /sympathy cards on behalf of the Association. I would prefer email notification if convenient when a need is identified, but feel free to leave a message on my phone with the information.

**Jim Smith**, Association President

**From the Chaplains Corner**

**David Lewis,**

**PARKS Assoc. Chaplain**

*Greetings from the Chaplains Corner,*

We are finally in the cold of winter for some of us. I keep getting reports from Harry in Florida about how miserable and hot it is there. I am sure glad some of you still have to keep cool.

Since our last newsletter I have had to add two more names to my "Taps" list and with great sadness we will all mourn the loss of shipmates Edson Whitaker 47-50 and Cecil Alexander "49". Our prayers are with the family of each.

Also news about Ron Woodring and trouble with cancer has us all looking to send our prayers up for him. As we get older we start to see more and more how fragile life on this earth is. We can with our faith and hope know that a better home awaits us and our passing friends and family are finding that today.

I have been traveling some and visited the Kotulski and Elmore families in the Chicago area and my wife's family in Indiana. Seeing old shipmates for a visit does make the time in winter more fun. As I close this news please keep all Parks crew in your thoughts and when you can, call someone and just say hi. Life is fun with friends, but only if we remember each other and the reason for our time together.

May God bless and keep us all.

Until next time,

David Lewis, MM '70-'73

*(If you know of someone that is ill or has passed away, please email or call me so I can share with the Parks Family [idawdle@nemr.net](mailto:idawdle@nemr.net), 660-216-0055)*

## HIS STORY

Floyd B. Parks Newsletter

February 2015

Readers were invited, in the last Newsletter, to tell about their Navy experiences aboard the Floyd B. Parks. Several of you have responded and we encourage others to join in by sending your stories. **Leland Boulet, SN**, of Puyallup, WA served from 1954 to 1956. This is his story.

“The day after high school graduation, in 1954, I headed for San Diego, CA and ‘boot camp’. Upon completion, I was assigned to the USS Floyd B. Parks. A shipmate told me, ‘You’re really lucky. We are heading overseas next week.’ Steaming toward the Orient, I watched airplanes taking off and landing on aircraft carriers and I just couldn’t believe my good fortune.

“Months later we took another trip and this time, on March 11, 1956, we encountered a serious problem in the China Sea while executing a practice maneuver with the Seventh Fleet.

“Asleep in my bunk, I was awakened by a BANG, BANG, BANG. I thought we must be at war! I hurried to my battle station, but when I got to Mt 51 there was a drop off. The bow had been cut completely off, and I saw it float off to sea.

“I then ran back to mid ship for muster. The decks were covered with debris. Lights were shinning from the two ships, the cruiser Columbus and our destroyer, the Parks. The sterns were smashed together and the screws from both ships were churning like eggbeaters.

“A sailor in the water was being pulled in the direction of those churning screws. I couldn’t figure out why no one was in the water trying to help him. They may have thought they would be pulled under in the churning water, but I didn’t take time to think about that. I just went over the side and into the water. Someone threw me a life ring with a rope and I put it around the man in the water and we were both pulled aboard.

“What I can still hear and think about, all these years later, is that another sailor was yelling, “HELP! HELP!” from out in the black water where no one could see him. Afterwards I was so exhausted, but there was nothing else that I could have done. I was only 18 years old at the time. I later receive a nice letter and the Navy Marine Heroism Medal for my part that day.

“The collision at sea occurred because the heavy cruiser, Columbus, executed the signal too early before the rest of the fleet executed.”
